

INTERNATIONAL
PROJECT

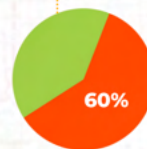

RETHINK MISSIONS

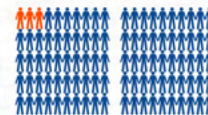

The Missionary Challenge

Jesus called His church to take the Gospel to every tribe, nation, and tongue, but getting to the 7,000+ remaining unreached people groups is difficult.

Most live within countries that are closed to missionaries, leaving many Christians feeling stalled in their pursuit of the Great Commission.

60% of unreached people groups live in countries that are closed to American missionaries.

Only about 3% of all missionaries work among unreached people groups.

“If God calls you to be a missionary, don't stoop to be a king.”

JORDAN GROOMS

A New Approach to Missions

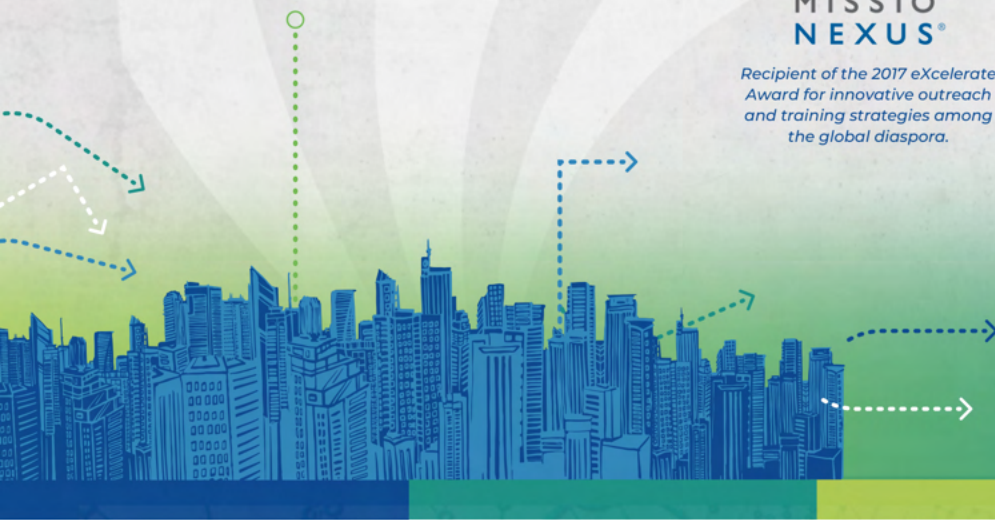

God has a plan! He is orchestrating a global migration movement like the world has never seen. God is drawing people who live in hard-to-reach places to cities near us so that they can hear the Gospel.

What if we can reach the Nations living among us and train them to take the Gospel back to their homelands? How much sooner might we be able to bring the Gospel to the most inaccessible places on earth?

No matter where you are on your journey, International Project has innovative opportunities and trainings to help you make a difference now. Why wait? The Harvest is ready, and God can use you today to make an impact among the Nations.

Recipient of the 2017 eXcelerate Award for innovative outreach and training strategies among the global diaspora.

The most important step in missions is your **NEXT STEP**

Whether you are ready to serve for a week or a lifetime, International Project can help you take your next step in disciple-making today. Scan this code to see which of these opportunities is right for you.

This calendar represents some of the largest diaspora unreached people groups. Please pray that God will raise up laborers to bring them the Gospel and that they, in turn, will take the Gospel back to their homelands.
